9:00am	Welcome and Opening Remarks
9:20am	Moderator Introduction - Mike Fernandes, StrategyMakers Consulting - Developing and maintaining a safe, effective and sustainable waste management <u>system</u> is a ongoing journey, not a one time task Community Story: Black River First Nation's Waste Management Plan
9:50am	Lessons from the Field – The Important Things Communities and Waste Management Workers need to do, prepare for and constantly monitor to safely and effectively manage waste (Randy Webber)
10:30am	Break
10:45am	Overview of the supports available to communities to help you reduce, recycle or divert waste materials from your community (Green Action Centre Pathfinders)
11:15	Time for Interaction - Meet the recycling organizations, support agencies and service providers in the room - Participants will be given time to go speak directly with the recycling organizations, funding/support agencies and service providers in attendance
12:15pm	Lunch
1:00pm	Morning session ends. Participants who pre-registered for the site tours will head over to the lobby gathering area to sign in and get on the bus.

The 2023 MARR Manitoba Recycling & Waste Reduction Forum is made possible through funding support from Manitoba Environment, Climate & Parks.

This year's recycling and waste management worker training and information sessions are co-hosted by the Manitoba Environmental Industries Association.

We also want to acknowledge the following organizations for supporting this year's Forum.
